HEALTH AND WELL BEING

Aldinga Beach B-7 school promotes the health and wellbeing of all its students. Students are encouraged to bring healthy food to school, that provides sustained energy rather than quick sugar bursts, the less packaged food the better.

Students are provided with time to eat their recess and lunch, while being supervised, prior to outdoor times.

All students are encouraged to bring water bottles to school and are given access to these throughout the day. Students are encouraged to drink water regularly during the day to aid in brain function.

All students participate in crunch and sip time during the morning. Munch and Crunch time is a fruit and vegetable eating time with the focus being on fresh food.

A sun smart policy is in place that requires all students to wear broad brimmed hats when they are outside.

Students are encouraged to be as active as possible. Classes all participate in fitness and physical education programs and are exposed to a wide range of sports and leisure activities. Students need to wear suitable footwear.
